

Board Policy for Heating the Pool

(Adopted in Open Session on May 12, 2015)

Spring

The Stonelake Board of Directors hereby directs Management to begin heating the pool in the Spring after each of the following weather stipulations has been met:

- Five (5) consecutive days where the lowest temperature is equal to or greater than 55 degrees Fahrenheit.
- Five (5) consecutive days where the highest temperature is equal to or greater than 75 degrees Fahrenheit.

Fall

The Stonelake Board of Directors hereby directs Management to stop heating the pool in the Fall after each of the following weather stipulations has been met:

- Five (5) consecutive days where the lowest temperature is less than 55 degrees Fahrenheit.
- Five consecutive days where the lowest temperature is less than 75 degrees Fahrenheit.
